COST OF SCHOOL BOOKS

No Longer Regulated by Law in This State.

DEATON'S BILL WAS DEFEATED.

Hereafter the People Will Be at the Mercy of the Book Concerns—A Number of Bills Passed by the House—Proceedings of the General Assembly—Other Ohio State News.

COLUMBUS, O., April 17.—The house defeated the schoolbook bill. Mr. Deaton succeeded in getting leave to report it back from the committee on common schools, and to the surprise of the conservative element it was with an amendment providing that the schoolbooks purchased shall not cost to exceed 75 per cent of the wholesale list price, instead of 70 per cent as provided in the bill when it passed the senate. A motion to reject the amendment was lost, and then the bill was defeated by vote of 33 to 31. Unless this action is reconsidered the state will be left at the mercy of the schoolbook concerns in that there will be no law restricting the price to be paid for books.

The Pluener bill, making Saturday afternoon a half holiday, passed the house with an amendment providing that commercial paper may be protested up to noon on Saturday. This amendment will be concurred in by the senate and the measure will be a law.

Other bills passed by the house were: Providing that all deaf and dumb persons confined in the infirmaries of the state shall be transferred to the new home for the deaf established in Central college, and that the counties shall pay to the latter institution per capita what the inmates would have cost in the infirmaries.

Providing that the laws regulating the location of cemeteries in or near cities shall apply to smaller towns.

Providing that the trustees of children's homes shall have full control of bequests made to them without securing authority from the county commissioners.

Requiring all goods in clothing or in piece to be marked as to the per cent of shoddy they contain.

Providing against the adulteration of linseed oil.

Providing for the improvement of the statehouse.

Providing that after a justice has given judgment on motion of the plaintiff, he can examine persons or companies as to their liability to the defendant.

Providing that the trustees of Young Men's Christian association buildings can transfer the title to the association.

Providing that children between the ages of 4 and 14 years shall not be kept in houses of ill-fame.

Prohibiting saloons within 4,000 feet of the Sandusky soldiers' home.

Senate joint resolution memorializing congress to erect a monument at Fort Recovery.

In the senate Mr. Pluener's Cincinnati waterworks bills were taken up for consideration as a special order. The first bill, giving the board of administration of Cincinnati authority to provide for a sinking fund for the betterment of water rents, was passed. Then came the big bill to build the new water works, and after a long discussion, was passed, after being amended so that the people will have a vote on the question and depriving the commissioners of the power to sell out the present water works. The vote by the people amendment carried 19 to 12. The amendment provides for a popular vote after the commission has been appointed.

NATIONAL MINE WORKERS.

A Number of Resolutions Adopted at the Columbus Convention.

COLUMBUS, O., April 17.—At the session of the national mine workers a resolution was introduced recommending the nomination of Eugene Debs for president by the Populist national convention at St. Louis in July, but was withdrawn after a lengthy debate for the following:

"That we recommend to the wage earners of the country the advisability of nominating a representative wage earner or a well known friend of the wealth-producers for the presidency of the United States to be held next November."

A resolution complimenting Secretary McBryde for his long and valuable services to the organization was adopted.

A resolution condemning the New York and Cleveland Coal company for not keeping its pledge with the miners, and one thanking Governor Altgeld for pardoning J. C. Grier and other miners, were adopted.

The election of officers resulted as follows: President, P. H. Penna, re-elected; Vice President, Cameron Miller, of Mississippi, O.; Secretary and Treasurer, W. C. Pearce of Corning, O. The executive committee has not yet been elected.

Death of a Glutton.

CHICAGO, April 17.—Charles Vieth, a baker, suffocated himself with molasses yesterday. He was very fond of the stuff, and in order to get enough he lay flat on his back on the floor, so that when he opened the clip on the barrel the syrup would flow into his mouth. Then he opened his mouth and the clip was literally drowned by the syrup. He was found dead with his mouth open and the molasses pouring into it. He was known as a glutton, but was not strong mentally because of an injury on the head sustained in an accident some time since.

HOBART FOR VICE PRESIDENT.

New Jersey Republicans Will Present His Name to the St. Louis Convention.

TRENTON, April 17.—The Republicans of New Jersey met here in convention yesterday afternoon and unanimously elected the slated candidates, United States Senator William J. Sewall, Garrett A. Hobart, John Kean, Jr., and State Chairman Franklin Murphy, as delegates at large to the St. Louis convention, with Congressman H. C. Loudenslager, C. E. Breckinridge, Barker Cummins and Charles A. Reed as alternates.

The delegates were not instructed regarding the presidential nomination, but the platform contained a strong recommendation of Garrett A. Hobart as an available man for the vice presidency. Some friends of Mr. Hobart, led by Congressman McEwan, endeavored to secure the adoption of a specific endorsement of McKinley, but the leaders regarded such hampering of the delegates as impolitic, and the proposition was ruled out of order.

The principal interest in the platform centered in the money plank, and, as expected, the convention adopted a resolution declaring for the gold standard and against the free coinage of silver.

The friends of Mr. Hobart declare that his candidacy for vice president will be vigorously pushed. They recognize, however, that if an eastern man heads the ticket, his chances are weakened and it was for this reason that some of his friends endeavored to secure the endorsement of McKinley.

Elkins For President.

ELKINS, W. Va., April 17.—The Republican county convention of Randolph county, the home of Senator Stephen B. Elkins, yesterday adopted a strong resolution instructing the delegates to the state and district conventions to support delegates to the national Republican convention at St. Louis who are in favor of Hon. S. B. Elkins for president, and in the event that he is not and will not consent to be a candidate, then to vote for such delegates as will support William McKinley.

Kentucky Republicans.

LOUISVILLE, April 17.—The Republican state convention completed its labors and adjourned yesterday afternoon after endorsing the presidential candidacy of Governor Bradley, with second instructions for Major McKinley, adopting a platform declaring for the gold standard, protection and reciprocity, and expressing sympathy with Cuba and electing four delegates from the state at large to the St. Louis convention, with alternates and electors.

WILL WOOD AT GREENCASTLE.

He May Yet Be Indicted Under the Indiana Statutes.

GREENCASTLE, Ind., April 17.—The arrival of Will Wood in the city on the same train that brought the information that Wood had been dismissed at Cincinnati and was free, caused a great deal of comment here. Since the beginning of the celebrated case there has been much feeling in Greencastle against Wood, which caused the young man to hurriedly leave the city two months ago, when he visited his home so shortly after the tragedy.

Just what effect this new development in the case will have is creating considerable interest here, and there are many queries afloat as to whether or not there will be anything done toward indicting Wood under the Indiana statutes. The last grand jury worked on his case and adjourned without making a report, no indictment being returned. There can be nothing done until the next regular grand jury, except that when court meets the last week in April, a special session could be had.

It is probable that nothing will be done here until after the Jackson trial at Newport, where Wood will be a witness, it is claimed, for the prosecution. It is likely that Wood will remain quietly at his home here until he is again called to Newport to tell his story before the court.

HARRISON RECEPTION.

Many People Call on the Bride and Groom at Their Home.

INDIANAPOLIS, April 17.—General and Mrs. Harrison gave their first informal reception since their marriage yesterday afternoon, at their home on North Delaware street. The callers, of whom there were many, were received in the drawing room, where there were simple decorations of palms and roses.

Mrs. Harrison's gown was a white silk with pompadour stripe, and trimmings of blue velvet, chiffon and lace. The diningroom was adorned with pink roses. Tea was poured by Mrs. Clifford Arrick and served by Miss Jessie Miller.

General and Mrs. Harrison will receive again on Thursday afternoons in April.

SAN FRANCISCO, April 17.—Sharkey managed to last eight rounds with Choyinski and was given the decision. He was frightfully punished by Choyinski. In the first round Sharkey fouled Choyinski and the police stopped the fight for 20 minutes. At the end of that time Choyinski went on with the contest.

Emancipation Celebration.

WASHINGTON, April 17.—The colored population of Washington celebrated the 34th anniversary of their emancipation yesterday by a street parade and speech-making. President Cleveland reviewed the procession from the White House, and the district commissioners reviewed it from the city building.

NICARAGUAN REVOLT

The Rebels Are Willing to Arrange For Peace.

OUR MINISTER CALLED ON.

He Is Wanted to Intervene Between the Two Opposing Factions—President Zelaya's Only Terms Are Unconditional Surrender—Several Hundred Rebels Slain in the Last Engagement.

MANAGUA, Nicaragua, April 17.—A telegram has just been received here from Nagarota, where President Zelaya now is, which says that a messenger from the rebels is now on his way to this city bearing a message from the leaders of the revolt to the United States minister, Lewis Baker. It is supposed here that they want Mr. Baker to intervene and arrange a peace between the contestants.

The only terms that President Zelaya has, up to this time, been willing to consider, are unconditional surrender on the part of the armed forces and giving up for trial of the leaders.

The progress of events recently has been steadily against the rebel cause. The government troops have entered upon their delayed co-operation with their Honduran allies, and for some days past the two forces by a combined movement have slowly but surely been surrounding the rebels at Motombo la Paz, Chinandega, and other points. The government completed the circle when they took Ceiba Mocha.

Ceiba Mocha was attacked yesterday by the rebels, but they were repulsed with a heavy loss.

General Paiz, of the government forces, has taken Las Limas from the rebels, several hundred of them being killed.

President Zelaya is himself at Nagarota directing the campaign of the government forces.

TO MUCH WHISKY.

Congressman Bromwell Has a Scheme to Check Overproduction.

WASHINGTON, April 17.—The Wilson tariff act provides that the tax on distilled spirits must be paid within eight years from the date of their original entry for deposit in any bonded warehouses. In the house yesterday Mr. Bromwell of Ohio, introduced a resolution suspending so much of the law as makes the bonded period eight years, as to all whiskies put in bond after July 1, 1893 and up to July 1, 1895, and requiring the distiller to pay the tax on those spirits within 12 months from the date of the original entry.

Mr. Bromwell, in explaining his action in presenting the resolution says that as a result of the long bonded period under the Wilson law there has been an immense overproduction of whisky for speculative purposes. He thinks there is now sufficient whisky in the country to supply all legitimate demands for five years and if within the next two years distillers are required to pay the tax on spirits within 12 months after entry such action will tend to check further overproduction.

SAW A SAW.

The Meeks Family Murderer Might Have Soon Gained His Liberty.

KANSAS CITY, April 17.—In the cell of William Taylor, the Meeks family murderer, brought here from Carrollton to prevent a lynching, Marshal Keshler yesterday found a steel saw, eight inches long and half an inch wide. It was concealed in an old satchel brought from Carrollton by Taylor. With the tool Taylor would have been able to saw his way out within half an hour could he have worked uninterruptedly for that length of time.

After making this discovery, Marshal Keshler ordered two deputy marshals to watch the murderer's cell day and night, and refused to allow him to see any one but his lawyers. Thousands have been visiting the murderer daily.

BERING SEA ARBITRATION TREATY.

It Is Claimed That It Will Soon Be Ratified by Both Governments.

WASHINGTON, April 17.—To give effect to the Bering sea arbitration treaty, approved by the senate Wednesday, it only remains for the British government to assent to the immaterial amendments adopted at the suggestion of the senate committee.

It is believed Sir Julian Pauncefote, the British ambassador, will be authorized by his government to act upon them at once in Washington and that exchange of ratifications will follow quickly.

A selection of a commissioner to represent the United States on the arbitration has been under consideration, but it cannot be definitely learned who has been chosen.

EXPECTS TO BE SAVED.

Murderer Holmes Baptized and Received Into the Catholic Church.

PHILADELPHIA, April 17.—H. H. Holmes was baptized and received into the Catholic church yesterday between 10 and 11 o'clock. The ceremony was performed by Rev. P. J. Dailey, pastor of the Church of the Annunciation, within the four walls of Moyamensing prison. Beside Holmes and Father Dailey there were present Rev. Father De Cantillon, Higgins and McCabe. Holmes was expecting his visitors and greeted them cordially when they entered his cell. After a brief conversa-

tion of a general nature, Father Dailey began his brief preparations for the ceremony. The white surplice and stole, which are always worn during the Catholic baptismal service, had been brought to the prison wrapped in a small package. These were donned by Father Dailey, who then proceeded to receive from Holmes the confession of faith, which is required of those who enter the Catholic church.

The condemned man went through the ceremony slowly and solemnly, and with every evidence of sincerity. His responses were made in a firm voice, and his eyes seldom wandered from Father Dailey's face.

Then followed the baptism, as is often done in the cases of persons received into the Catholic church who have been baptized in the Protestant faith, the baptism was made conditional. Holmes was unable to fully satisfy Father Dailey that he had really been baptized into the Congregational church, of which he claims to have been a member since childhood. Had Father Dailey been sure that Holmes had been so baptized the second ceremony would not have been performed, the first being recognized.

When Father Dailey placed the stole upon the condemned man's head the latter stood erect and rigid, evidently impressed by the sacred nature of the act. With solemnity ringing in every tone of his voice he pronounced the words of the baptismal rites and sprinkled the typifying water upon Holmes. The ceremony then was over and the man, who has but a little over three weeks to live, had become a member of the church, one of whose faithful representatives had been his clerical source of comfort and consolation since the words of his death warrant had fell upon his ears.

One phase of Holmes' reception into the Catholic church is of peculiar interest. Catholics have impressed upon them from the moment they are received into the church the fact that no one who dies by his or her own hand can enter the Kingdom of Heaven. No suicide is now buried in consecrated ground. Holmes having embraced the Catholic faith so short a time before the date set for his execution, has evidently decided to wait for the gallows rather than attempt self-destruction, if he ever contemplated it.

ROENTGEN RAY AS A REMEDY.

Diphtheria and Typhoid Are Absolutely Killed by Its Application.

CHICAGO, April 17.—Professor H. P. Pratt and Professor Hugh Wightman announce to the world that diphtheria and typhoid are absolutely killed by the Roentgen ray. This statement is made without reserve. The decision was reached yesterday evening in the laboratory, when the last of the germs which had been exposed to the rays failed to show signs of life under the glass—the deadly bacilli remaining idle and inactive in the midst of the best and most tempting imitation of human tissue.

Professor Wightman prepared four new colonies of epidemic breeders. They were labeled as cholera, tuberculosis, hog cholera and diphtheria. They were located in tubes filled with nutrient. Professor Pratt turned the current into the great coil, and the ray, which is believed to be the great solution of infectious and contagious diseases, was thrown into the groups of bacilli. All the faults of the first trial were eliminated. The magic agency was allowed to work 62 minutes.

A critical and elaborate examination showed a great chemical change. It was evident that the force had acted upon the artificial tissue. It is expected that free oxygen was made and an acid created, exactly as would take place in the human body. This acid either kills the germs or puts them to sleep. They will now be transplanted. The two physicians are risking their professional reputation by the prophecy that not one of the four groups will ever be able to recover. They are certain of the effect on the diphtheria—confident concerning the other three. There can possibly be no failure on the score of machinery or appliances, and they have already proven the correctness of their theory.

HENNEPIN CANAL.

Right of Way Will Be at Once Secured and Work Begun.

WASHINGTON, April 17.—Senator Cullom has practically received assurances from the senate committee on commerce, which has the river and harbor bill under consideration, that the committee will change the provisions of the bill in regard to the Hennepin canal, so as to make immediately available a larger amount than the bill now carries. This is especially desired in securing right of way, and Mr. Cullom hopes to get \$50,000 or \$75,000 for this purpose.

The committee will also amend the bill so as to permit the letting of contracts for any part of the canal, the house provision being of such a nature that it is considered doubtful whether a contract could be let for less than the entire canal. Senator Cullom has also made an effort to secure an increase of the amount made immediately available for the improvement of the Chicago river under one continuing contract, but has found the committee indisposed to yield on this point. The house bill appropriates \$50,000 under this head.

PASADENA, Cal., April 17.—Just 10 days ago Professor Swift of the Mount Love observatory discovered an object in the heavens which he suspected to be a new comet. On Monday night the suspicion was partially verified, and last night fully so. The visitor is in right ascension 3 hours 38 minutes, declination north, 15 degrees 40 minutes. The comet is bright with a long tail. Its motion is very slow.

MINISTER IN TROUBLE

Rev. A. J. Diaz, an American, Imprisoned in Havana.

BY ORDER OF SPANISH OFFICIALS

He Is Superintendent of Missions of the Southern Baptist Convention to Cuba. He Was Compelled to Flee From the Island During the Former Rebellion. Full Particulars Are Not Furnished.

ATLANTA, April 17.—News of the arrest and incarceration by the Spanish officials of Rev. A. J. Diaz, the American citizen and superintendent of missions of the Southern Baptist convention in Cuba, was received here in a telegram from Havana to Dr. I. T. Tichenor, the corresponding secretary of the home mission board of the Southern Baptist convention. No particulars are given, but it is presumed that the arrest is on account of Dr. Diaz's well known proinsurgent proclivities, though it is not believed here that he has been guilty of any overt act that should have subjected him to imprisonment.

Dr. Diaz is a great favorite among Southern Baptists, and it is probable that a concerted movement will be begun among them to secure his release. He is a native of Cuba and it is said had to flee from the island during the former insurrection on account of his alleged connection with the rebels, he escaping from a pursuing party of Spanish soldiers by swimming out from the shore to a passing vessel. He went to New York, and subsequently entered the Baptist ministry. After the war he returned to Cuba to undertake the work of proselyting his own people. He has been markedly successful and has built up a large following in Havana, where he presides over the finest Protestant church on the island.

Weyler's Account.

HAVANA, April 17.—The Havana police have detained the Protestant bishop, Alberto Jesus Diaz, who had received a call, and his brother, Alfredo Victoriano Diaz. These two gentlemen are naturalized Americans. The police report that they found in their possession certain insurgent documents.

The police have also captured 31 firearms and numerous cartridges which had been secreted, and have imprisoned the storekeeper in whose possession they were found.

CONVERTER EXPLODES.

Three Men Killed and Several Others Badly Injured.

PEORIA, Ill., April 17.—At 2:15 this morning a converter at the tower sugar works exploded, filling the immense building with steam. There were over 100 men in the room at the time of the explosion. As far as known at this hour three men were killed outright and several others badly injured. The dead are: John Horill, John Wilson and a man named Barnes. John Doley, and Matt Connelly are the men most severely injured.

The converter was on the fourth-story of the building in which about 100 men were at work. There was tremendous excitement and many thrilling escapes occurred. The explosion was plainly heard in all parts of the city. The search is being continued and it is feared others may be in the building.

WOMEN WANTED WEST.

A Plan to Get Husbands For Eastern Canadian Girls.

VANCOUVER, B. C., April 17.—The mayor of Vancouver has received a peculiar letter from Toronto, written in the interest of the young women in Toronto and other eastern Canadian cities. In this unique epistle the writer states that, according to statistics, there is a shortage in the female population in the northwest territories and British Columbia, amounting to about 40,000, and there is in eastern Canada a corresponding overplus of unmarried women.

In order to equalize matters it is proposed to send young women of good health and moral character west to be distributed where the demand is greatest, and for this purpose it is sought to establish a home at Vancouver for the reception and distribution of the young women for British Columbia.

MISSING NUN.

Sister Gertrude Has Disappeared From St. Joseph's Convent, Braddock, Pa.

PITTSBURGH, April 17.—Sister Gertrude suddenly disappeared from St. Joseph's convent, Braddock, late Tuesday afternoon while temporarily deranged from illness. Searching parties have scoured the country in every direction for the missing nun and have abandoned the quest, no trace being obtained.

Father Wertenbach, pastor of St. Joseph's church, is afraid the nun may have fallen into the hands of tramps while in her delirium.

Her name before she entered the convent was Demer and she lived at Woodwell, near Wheeling, but no word has been received of her arrival at home.

Their Boat Overturned.

PLATTSBURG, N. Y., April 17.—While a number of men were trying to start a jam of logs on the Ausable river, between Keone village and Beedes yesterday, a boat containing seven of the laborers was overturned, and Henry Poole and Edward Nichols were drowned, and Walter Harburt was badly injured. The bodies were not recovered.

The McKinleyites made Bradley hustle for all he got in Kentucky.

The A. P. A. question threatens to split the Kentucky Republican party wide open.

The Republicans of Utah declared in favor of free coinage of gold and silver at the ratio of 16 to 1.

The Courier-Journal says the Republican State convention was of the "brick-and-brimstone" order.

A PRESIDENTIAL candidate with nearly half his own State against him will cut a sorry figure in the National convention.

The Chicago Times-Herald is unkind enough to remark that Gov. Bradley appears to be Kentucky's "setting son," instead of her favorite son.

Judging by the attendance at the conventions here this week, Republicans are not as numerous in this Congressional district as they used to be. There was a very slim crowd of delegates on hand.

GOVERNOR BRADLEY captured the State convention, but what's hurting him is the fact that ten of his own State's delegates to the National convention will go to St. Louis instructed for McKinley.

RETURNED HIS COMMISSION.

Colonel Coles Couldn't Be Bought So Easily by Governor Bradley—A Uniform For Sale.

Mr. Frank Coles, of Ashland, whom the Republicans of this district selected as one of their delegates to the National convention, was a member of Governor Bradley's staff, with the title of Colonel, a few weeks ago, but he is no longer a Kentucky Colonel. And thereby hangs a tale, that shows how bitter the feeling is becoming between the Republican factions. The BULLETIN's information comes from one who claims he got the story from Coles.

A few weeks ago, Coles got a letter from Governor Bradley reminding him of the great honor he had received at the Chief Executive's hands when he was made a Colonel, reminding him also that in return he was expected to hold Boyd County in line for the Governor, and not allow the McKinleyites to capture the delegation.

Coles was red hot for McKinley, and it is said he forthwith answered the Governor's letter by returning his commission as "Colonel," telling him he might use it for other purposes.

Boyd County instructed for McKinley and gave the Ninth district to the Ohioan.

It is said Mr. Coles now has a Colonel's handsome \$200 uniform for sale.

Ninety Per Cent

Of all the people need to take a course of Hood's Sarsaparilla at this season to prevent that run-down and debilitated condition which invites disease. The money invested in half a dozen bottles of Hood's Sarsaparilla will come back with large returns in the health and vigor of body and strength of nerves.

Hood's Pills cure all liver ills, biliousness, jaundice, indigestion, sick headache.

Kentucky's Equalizers.

The State Board of Equalization has lately passed on the following counties:

Adair—Increased 8 per cent. on lands and personalty subject to equalization, and 3 per cent. on town lots.

Bullitt—Increased 6 per cent. on lands, &c.; lots, no change.

Green—Increased 20 per cent. on lands, &c.; lots, no change.

Hancock—Increased 4 per cent. on lands, &c.; lots, no change.

Hardin—Increased 20 per cent. on lands, &c.; lots, increased 5 per cent.

Harrison—Increased 5 per cent. on lands, &c.; lots, no change.

Hart—Lands and personalty subject to equalization increased 15 per cent. Lots unchanged.

Henderson—Lands, &c., increased 1 per cent. Lots increased 3 per cent.

Hopkins—Lands, &c., increased 15 per cent. Lots increased 10 per cent.

Jackson—Lands, &c., increased 7 per cent. Lots unchanged.

SEMINOLE Tribe No. 10, I. O. R. M., was organized at Covington this week.

The man who stands idly by and sees the life fading out of his wife's face, sees her health going, sees her becoming old and faded and wrinkled when she should still be in the perfect enjoyment of vigorous, useful health, is either less than a man or else does not know of the one remedy which will bring her back to health and strength. Perhaps her husband cannot persuade her to go to her doctor, because she naturally dreads the inevitable "examinations" and "local treatments." He can persuade her, if he needs persuasion, to take Dr. Pierce's Favorite Prescription. This truly wonderful medicine has cured hundreds of women after the best physicians have failed. It has been in constant use and tested every day for thirty years. It isn't an experiment, there are no chances about it. It is a certain cure for all derangements, weaknesses, irregularities and displacements of internal organs peculiar to women.

AFTER JUDGE THOMAS.

Governor Bradley's Friends Claim the Lewis County Leader Acted the Traitor.

Governor Bradley and his friends are probably whetting their knives for Judge George Morgan Thomas, the Republican leader of this Congressional district, and will no doubt take advantage of the first opportunity to even up a fresh score they have against the Lewis Countian.

A close friend of Governor Bradley and for whom the Governor himself says he will vouch gives the Cincinnati Post the following statement:

"Shortly after Governor Bradley's inauguration a number of leading Republicans from various parts of the State voluntarily came to Frankfort and asked the Governor to allow his name to be used for the nomination for the Presidency. Hon. George M. Thomas was one of these gentlemen. Some two or three weeks since the same crowd of gentlemen met at the Galt House, Louisville, and formed an organization to work for the Governor. Mr. Thomas also attended this meeting, and was made Chairman. On Saturday last this same George M. Thomas made a speech against Bradley and carried Lewis County against the Governor."

Bradley and his friends are not apt to forget any treatment of this kind, and Son-in-law Pugh had better keep his eyes "skun" in the Congressional contest next November.

There's fun ahead.

River News.

Pittsburg towboats were passing down yesterday. Rising slowly here, but falling at headwaters.

The Keystone State went into Cincinnati this week load flat with freight and passengers.

The Sherley is to-night's packet for Pomeroy. Due down: Hudson this evening and Bonanza to-night.

The Pittsburg and Cincinnati line has fixed the round-trip rate for the excursions to be run soon between Pittsburg and Louisville at \$16.

The M. P. Wells has been thoroughly overhauled and re-painted, and has been furnished with new smoke-stacks much taller than the old ones. She is now in the Silver Wave's trade. The latter boat is to be similarly overhauled, and the Wells will probably be placed in the Kentucky river trade then by Captain Edgington.

The tow of the Ironsides now en route to Louisville is probably the most valuable ever brought out of Pittsburg. It is worth \$250,000. It consists of ten barges of steel rails and manufactured iron, in all 6,000 tons, of which 5,400 tons are of steel rails. One model barge of Russia iron alone is valued at \$60,000. The Ironsides was compelled to double trip it to Steubenville before she could make up her tow.

The reunion of the survivors of the Sultana disaster will be held at Marysville, Tenn., on the 27th and 28th of April. The Sultana was loaded with Union soldiers just returning from rebel prisons and was burned on the Mississippi and only 350 souls out of 1,500 escaped from a watery grave. Some of the survivors live in this city.

PRESIDENT INGALLS, of the Chesapeake and Ohio Railroad, has notified the Governor of Virginia that his company will decline to take any advantage of the decision of the Court of Appeals which held that railway, telephone and telegraph companies could not be compelled to pay the direct school tax. It is thought that other railway companies in the State will be similarly generous, and thus make a voluntary contribution to the public school system. The amount of tax involved in the decision is about \$50,000.

"I WANT it distinctly understood," shouted gallant old Silas Adams in his speech at Liberty, when the committee reported a resolution indorsing Gov. Bradley and his acts, "that I do not approve the Governor's action in calling out 400 soldiers to suppress the Hon. Jack Chinn." "Indorse and resolute about it as much as they please, the calling out of the army for such a purpose will forever remain a blot on the first Republican administration in Kentucky, and honest Republicans like Col. Adams do not hesitate to admit it," says the Stanford Interior Journal.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

President Isaac Lewis of Sabina, Ohio, is highly respected all through that section. He has lived in Clinton Co. 75 years, and has been president of the Sabina Bank 20 years. He gladly testifies to the merit of Hood's Sarsaparilla, and what he says is worthy attention. All brain workers find Hood's Sarsaparilla peculiarly adapted to their needs. It makes pure, rich, red blood, and from this comes nerve, mental, bodily and digestive strength.

"I am glad to say that Hood's Sarsaparilla is a very good medicine, especially as a blood purifier. It has done me good many times. For several years I suffered greatly with pains in

in one eye and about my temples, especially at night when I had been having a hard day of physical and mental labor. I took many remedies, but found help only in Hood's Sarsaparilla which cured me of rheumatism, neuralgia and headache. Hood's Sarsaparilla has proved itself a true friend. I also take Hood's Pills to keep my bowels regular, and like the pills very much." ISAAC LEWIS, Sabina, Ohio.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

THE Y. M. C. A.

Enthusiastic Meeting Last Night and the Organization Completed. Officers and Directors.

The permanent organization of a Young Men's Christian Association in this city was completed last evening.

The meeting was held in the Y. M. C. A. Hall, Cox Building, and was an enthusiastic one. The hall was well filled with young men who are eager for this beneficent association to be established here in Maysville.

The meeting was called to order at 8 o'clock by Mayor Cox, Chairman of the Finance Committee appointed a few weeks ago to solicit the required funds. After a hymn, State Secretary Rosevear led in prayer.

Hon. W. H. Cox was elected Chairman, unanimously. H. C. Curran and John Duley were nominated for Secretary. By a rising vote, Mr. Curran was elected.

State Secretary Rosevear read the proposed constitution. A vote was taken and the count showed it was unanimously accepted. It is the constitution usually adopted by the associations throughout the land.

On motion, the chair appointed Ben T. Cox, J. B. Orr and Henry E. Rosevear a committee to nominate a Board of Directors. This committee reported the following:

H. C. Sharp,	H. H. Collins,
M. F. Marsh,	John Duley,
Wm. Wormald,	James H. Hall,
J. T. Kackley,	D. C. Hutchins,
J. James Wood,	S. M. Hall,
R. A. Cochran,	W. W. Ball,
W. H. Cox,	I. M. Lane,
W. R. Warder,	

The report was adopted, and the committee discharged.

Chairman Cox made a statement as to result of the work of the Finance Committee. The sum of \$210 was yet lacking to complete the required fund. It is hoped this balance will be secured by the close of the week.

The Chairman announced a meeting of the newly-elected Board of Directors for this afternoon at 3:30 o'clock in Y. M. C. A. hall, to elect officers, adopt by-laws and for other necessary business.

A motion to adjourn was then carried, and after singing, "Throw out the line line," I. M. Lane dismissed the audience with prayer and benediction.

SLAP AT THE A. P. A.'S.

Fourth District Republican Convention Does Not Like This Secret Order.

It seems that the Fourth District convention gave a slap at the A. P. A., which is likely to cause much trouble for the Governor's friends when it becomes known. The convention instructed for Bradley, but the Committee on Resolutions were forced to insert the following in the resolutions:

"Resolved, That the Republican party has always been and will continue to be the protector, conservator and defender of all the rights and liberties of the people, civil, religious and political, without regard to race or color."

The slap at the A. P. A. was inserted after a threat by influential members of the party that if it was not done trouble would result. The resolution was not, strange to say, published in the morning papers, and it is now charged that it was suppressed by the Bradley people.

DOVER NEWS: "Mr. John J. Brosee, a prominent citizen of Maysville, who has been confined to his room the greater part of the time for the past eighteen months with rheumatism, and who was unable to walk unassisted, visited Schrader, the Divine Healer, when he was in Cincinnati. As soon as Schrader laid his hands on Mr. Brosee all pain, which had been very severe, left him. Since that time he has been able to walk wherever he chooses, and with the exception of the stiffness feels and appears like a well man. Whether it was Schrader, the excitement, the medicine he had taken or the pretty weather that caused the improvement in his case is yet to be known. Mr. Brosee had great faith in the Healer and had he remained in Cincinnati or Newport, would have visited him again and tried to have been relieved of the stiffness in his arms and limbs."

COUNTY CLERK COCHRAN represented the Ninth district on the Committee on Permanent Organization at the Republican State convention this week. W. C. Halbert, of Vanceburg, was a member of the Committee on Rules, John P. McCarty on Resolutions, and Dr. Bradford on Credentials. Judge Deming was the Vice President from this district, and was honored with a nomination for State Elector.

STOLEN GOODS RECOVERED.

Detective Fitzgerald Makes a "Find" on a "Shantyboat" Near New Richmond Thursday.

Detective Fitzgerald made a good "catch" Thursday afternoon, and recovered a lot of stolen goods.

On a shantyboat about two and a half miles above New Richmond he captured Charles Anderson, and on searching the boat found a quantity of dry goods, clothing, &c., valued at about \$50. The goods were identified as some that were stolen from McKinley's store at Dover last January.

Captain Fitzgerald brought Anderson to this city last night and lodged him in "Hotel Johnson," to await trial on a charge of having stolen goods in his possession.

The accused will be given a hearing to-morrow afternoon.

THOMAS J. ROGERS.

Sudden Death of a Popular Ex-Mayor at Wichita Thursday Morning.

The relatives and friends of Mr. Thomas J. Rogers, formerly of this city, were shocked yesterday at noon by the announcement of his sudden death at Wichita.

Mr. Rogers had been ill a month or so, and confined to his home for two weeks, suffering from nervous prostration and other troubles, but in a letter received here this week his wife stated he was thought to be slowly improving. He passed away Thursday morning, a telegram received just before noon bringing the sad and unexpected news.

His brother Mr. George W. Rogers left on the first train for Wichita. He will reach there to-morrow morning, and no arrangements as to the funeral and burial will be made until after his arrival.

Deceased was about thirty-eight years of age, was born at Lewisburg, this county, and was a son of Mrs. Lucinda Rogers, of East Third street. His wife, who was Miss Kate Saunders of Frankfort, survives him. He leaves no children. He resided in this city several years, and while here was one of Maysville's most industrious and popular young men. He had been engaged in the real estate and insurance business at Wichita of late years, and was prospering and getting along nicely when stricken down by his last illness.

A REVIVAL at Portsmouth resulted in about fifty additions to the Christian Church.

DETECTIVE FITZGERALD arrested Elmer Pelly at Covington one night this week for stealing a lot of brass from the C. and O. Nearly \$100 worth of brass was recovered.

It is thought now that the Democratic State convention will be called to meet some time between the middle and last of May. The making of a platform will probably be left to the National convention.

The Central Christian Church, Lexington, Rev. I. J. Spencer, pastor, raised \$13,760.70 for all purposes last year, besides doing a great amount of charitable work. The membership grew from 906 to 1,126.

TWENTY-two candidates have paid the fee to enter the Democratic primary for the different Harrison County offices on the 25th—ten for Clerk, three for Attorney, two for Jailor, three for Assessor, two for Surveyor and two for Sheriff.

SENATE AND HOUSE.

But Very Little Accomplished in Either Branch of Congress.

WASHINGTON, April 17.—The resolution for an investigation of the recent bond issue was taken up in the senate yesterday and Mr. Hill made a sensational and dramatic speech in opposition. The New York senator defended Secretary Carlisle and his administration of the treasury against loose imputations of irregularity, and showed the prevalence of charges of this character by presenting and reading in full the charges made by Senator Chandler against the friends of Mr. McKinley that a levy of money was being made on protected industries in behalf of Mr. McKinley's candidacy for the presidency. As a further evidence of the prevalence of charges Mr. Hill spoke of the sugar investigation, where, he said, one senator, referring to Mr. Quay, had frankly admitted that he bought sugar stock and had a right to buy it, and today that senator was the favorite son of the leading Republican state for a candidate for the presidency. In the course of his speech Mr. Hill disclaimed that he had authority to speak for the administration in opposing this investigation. The speech was not finished. The early part of the day was given to Mr. Gray's speech on the Dupont case. In the house Mr. Blue's fight against the reappointment of General William B. Franklin as a member of the board of managers of the national home for disabled volunteers terminated unsuccessfully yesterday, when his amendment to substitute the name of General O. O. Howard for that of General Franklin was rejected—61 to 149. The debate on the subject was continued until 3 o'clock and was at times quite spirited. Both General Franklin and Governor Smith, of the Leavenworth home, were eloquently defended by General Grosvenor of Ohio, General Henderson of Iowa, Mr. Hull of Iowa, chairman of the committee which reported the resolutions, and others. Mr. Hepburn of Iowa, Mr. Kirkpatrick of Kansas and Mr. Calderhead of Kansas spoke against General Franklin. The resolution adopted yesterday appoints General Franklin and Mr. Steele of Indiana to succeed themselves; George L. Beal of Maine to succeed General Fessenden, and General Thomas J. Henderson of Illinois to succeed General John C. Black.

BLOODSHED IMMINENT.

Trouble Between Cattlemen and Sheepmen in Washington.

SPOKANE, Wash., April 17.—Trouble that promises to be of a serious nature has broken out among the cattlemen and sheepmen over the possession of a rich strip of range lying within the counties of Spokane, Adams and Whitman. The cattlemen recently organized to drive the sheep owners from the range, and the latter promised to leave.

Yesterday word came that the sheep owners had also organized to resist being driven off, and their herds were still on the strip. Twenty armed men and mounted cattlemen started for the scene yesterday afternoon. Bloodshed is probable when the factions come together.

Big Strike Likely.

PITTSBURG, April 17.—A general strike in the building trades is probable May 1. The matter is now under consideration by the locals of the different trades and will be focused at the meeting of the building trades council next Wednesday evening. Bad feeling against the employers grew out of the strike of the painters, which was settled by compromise two weeks ago. The purpose of the proposed strike is to compel the exchange to respect its promise to the journeymen.

Probable Wreck.
VICTORIA, B. C., April 17.—News has just been received from the north of the probable wreck of another vessel in the vicinity of the north end of Vancouver island. Wreckage has been found at the south end of Fitzhugh sound, indicating that some large craft has come to grief in that locality. One piece was found with the word "Geneva" on it, which is the name of a local sealer, but the safety of that vessel is known without doubt. Large timbers with big brass bolts are found among the wreckage, together with lumber, laths, etc., showing the vessel to have been a lumber carrier.

Hotel Damaged by Fire.
ASHEVILLE, N. C., April 17.—The Battery Park hotel, the largest in Asheville, was damaged by fire yesterday to the extent of \$30,000. The flames originated in the kitchen about 7:30 o'clock. There were over 200 guests in the hotel, and all left the building quietly. No one was hurt. The fire was confined to the wing occupied by the kitchen and servants' quarters. The flames were extinguished by 9 o'clock, and at noon most of the guests had returned to their rooms. The hotel will not close.

HOW TO GET RICH.

Colonel W. W. Bruce, of Lexington, Gives Some Advice on This Subject.

Col. W. W. Bruce, who says he is the wealthiest man in Lexington, gives these points of advice to those who want to get rich:

"Don't have a partner in any business if you can avoid it.

"Don't employ any clerk who drinks to excess or who gambles. He is certain to rob you.

"Don't indorse for any one unless you have a mutual indorser, and be certain his habits are good and that he is respectable.

"Buy when you can buy cheapest and sell when you can sell dearest.

"Have no friends in business who wish to borrow and never pay back.

"In laying in stock buy when articles are low, and no one will buy, and sell when no one will sell.

"When articles are low no one will buy, and when they are high no one will sell. This is your chance."

C. and O. Homeseekers Excursion.

The revival at the Danville Christian Church had resulted in forty-nine additions at last accounts.

In Scott County, candidates for county offices are fast coming to the front, although the election does not take place until November, 1897.

OWINGSVILLE Outlook: "The Marion County Republican convention resolved that 'we favor a bounty on sugar that will enable us to buy twenty-two pounds of sugar for \$1 and the farmer to sell his mule for \$150. It might as well have added: 'and a pair of galluses flung in, also a stone pipe for the old woman and a stick of peppermint candy for the baby.'"

JAMES HOWELL, of Manchester, was ordered taken to Cincinnati last fall to serve a work-house sentence. At Augusta he escaped from Robert McChesney, who was then Marshal of Manchester. McChesney reported that Howell had jumped from the fault of the boat and had probably been drowned. Howell was captured at Cincinnati yesterday, and told Chief Deitch that money had figured in the escape, which he said he had no difficulty in making. Chief Deitch ordered Howell held while he investigated the story.

Jockey Badly Hurt.
SAN FRANCISCO, April 17.—Eddy Jones, the crack jockey of the Burns and Waterhouse stable, was thrown from Sweet Rose in the first race yesterday and was badly hurt. He was removed to the hospital, where it was ascertained that his shoulderblade was broken and he was otherwise injured, which will prevent his riding for some time.

CLEVELAND, April 17.—The carpenters' union has received letters from fully 50 per cent of the building contractors of the city agreeing to the eight-hour day in case a majority decides in like manner. The strike at the King ax works has been settled by compromise, and that at the Dangler Vapor Stove company by refusal of sanction on the part of the polishers' union.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

VALUABLE HOTEL PROPERTY FOR SALE.

THE HILL HOUSE property on the corner of Front and Sutton streets, Maysville, Ky., is for sale. It has a frontage of eighty-eight feet on Front street and 145 feet on Sutton street, which is a splendid location for a hotel. The house contains over fifty well-lighted and ventilated rooms and can be put in good condition for a comparatively small sum.

Maysville needs a hotel more than anything else, and now is the best chance that will ever be offered to get one.

If not sold privately sooner, will be offered publicly to the highest bidder on the premises, at 2 o'clock p. m.,

WEDNESDAY, APRIL 22.

For further information apply to the undersigned.
